## Brief history

In December 1993, Fondation Tavernier-Gamelin was established by Les Soeurs de Charité de la Providence, then sole owners of Hôpital Notre-Dame Hospital de Hearst. In 2005, following the sale of the hospital to the provincial Ministry of Health, the foundation was renamed Fondation de l'Hôpital Notre-Dame Hospital, Hearst, Ontario.

## Mission

Our mission is to raise and manage funds to fully support l'Hôpital Notre-Dame Hospital in its quest to provide outstanding care and medical excellence to those who live and work in the Hearst area.

## Goals

The foundation plays an important role in providing the hospital with the necessary resources to enhance patient care and purchase the latest high-tech medical equipment. Your support enables Fondation de l'Hôpital Notre-Dame Hospital, Hearst, Ontario to achieve increasingly higher standards in health care for the Hearst area and neighbouring communities.
